

Monthly Update

March 2023

Vladimír Stupavský from the Czech Pellet Cluster shares the Czech formula of success in our interview with him. [Check it out here.](#)

A new marketing material is available on our website – a [3-sided flyer providing tips and recommendations to pellet consumers](#). Certified companies can take advantage of the flyer and use it in their customer relations. [All promotional materials can be found here.](#)

Do you know?

[Bioenergy Europe's](#) latest data shows that despite the increase in pellet prices, markets such as France, Spain, Germany, Austria, and Serbia report growth in the sales of pellet stoves in 2022. The aforementioned countries excluding Serbia also register stable growth in the sales of pellet boilers last year.

ENplus® is organising a webinar dedicated to certified companies with limited knowledge on marketing that are interested to learn about good practices. The online event will take place on 3rd of April 2023 (15:30 PM - 16:30 PM CET). [Register here!](#)

• [Nowy Tomyśl, Poland](#) – 20-21.04.2023

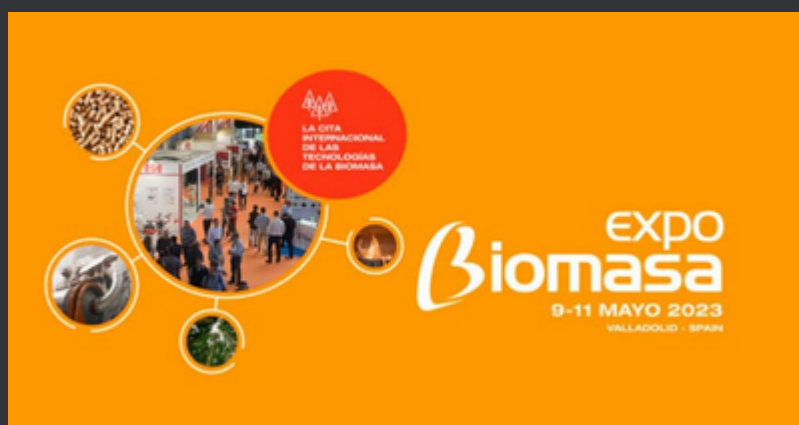

The main focus of the training event will be the new requirements brought with the revised documentation. The quality managers of the certified companies should complete a training every certification period.

On 20th March the Intergovernmental Panel on Climate Change [released](#) its “Climate Change 2023: Synthesis Report”. The Report stresses that keeping warming to 1,5°C above pre-industrial levels requires a cut in emissions now and these will need to be cut by almost half by 2030. Changes in the food sector, electricity, transport, industry, buildings and land-use can reduce greenhouse gas emissions. COP28 will take place in Dubai from 30 Nov to 12 Dec.

The next edition of European Bioenergy Future (EBF) conference will take place on 28-30 November 2023 in Brussels. Stay tuned for updates!

The 15th edition of EXPOBIOMASA taking place in May is expected to gather a great number of biomass professionals. [Learn more about the event here.](#)
