## Monthly Update September 2023

---

The Wood Pellets Tour organised by ENplus<sup>®</sup> in cooperation with RIKA and ÖkoFEN took place in Belgium in September. The visitors of the events in Brussels, Liege and Antwerp learned about the advantages of using high-quality pellets as a heating solution.

---

This year again, we have published an article on the available support schemes to help consumers switch to modern pellet appliances in various European countries.

[Check it out here!](#)

---

Anders Haaker from Svebio gives us an update about the state of the Swedish pellet market. Read the interview [here](#).

---

The ENplus<sup>®</sup> Management organises the Market Surveillance Project - an initiative that aims to analyse

ENplus® certified bags randomly taken from the market in order to assure compliance with the ENplus® standards. Anyone can contribute to the project by submitting a sample via [this form](#).

## Do you know?

Bagged pellet prices in countries such as Germany, Belgium, Austria, France and Czechia have decreased to the levels of late 2021 after hitting a peak in October/November in 2022. More insights about the market development are shared with Bioenergy Europe's members during the Working Groups: Pellets. [Learn how to become a member here.](#)

DQS Polska Sp.z.o.o. has completed the application process and is now a listed certification body for ENplus®. [Learn more about them here.](#)

## QUALITY MANAGERS Training

• [Brussels, Belgium](#) – 30.11.2023

The main focus of the training event will be the new requirements brought with the revised documentation. The quality managers of the certified companies should complete a training every certification period.
